VOCABULARY CORNER

Suffering: the state of going through pain, distress or hardship

Solutions: a means of solving a problem; dealing with a difficult situation

Hello kids! Today we are going to learn about suffering. Don't let that scare you, He is always with you. Also as long as you use His thinking and His power, you will never have more than you can handle. But it is your choice to use them. Your **suffering** could be physical like a broken bone. It could also be mental suffering, when someone calls you names or says something that is not true of you. His **solutions** to these are the same. Go to His word. Rely on Him. He lived here and suffered more than you ever will but He got through it. He wanted you to see how He did. He always quoted scriptures. Then He did something. He wants you to grow like He did by learning. Every time someone says something to you think about what Jesus did. He taught on love, patience, kindness, forgiveness. He did not teach about anger, jealousy, or revenge. God's grace for you to use. You have to choose daily to live your life the way God intended for you. It is easier and you feel the suffering less when you turn to His word and choose His way to live!

Hey kids! Ask your parents to help you find and learn this Bible verse!
