1Jo 4:16

Hello kids! Today we are going to learn about why you can say your God is awesome! When you call someone or something **awesome**, you are saying he/she or it has terrific qualities or **attributes**. God has many. Let's see if we can name them and describe what they mean. Sovereignty means God has all power and authority. God is in control! Righteousness is absolute perfection. Just like you getting a 100 on your spelling test! **Justice is God's infinite fairness in giving blessings as well as penalties.**

The penalties He allows are to teach you. Your blessings you will enjoy. They are fair. God is love. Ah, the best part! He loves Himself and all He has created and He is in you when you believe. So don't ever question His love for you. God has eternal life. There was never a time when God did not exist and He will continue to be forever! Only you and me live in a space where you were born and your body will die. Your soul however, your inner most part of you, will live forever. **Choose to live with God forever, believe in Jesus Christ.**
